

**100 Years in the Making**  
South Carolina Library Association  
Annual Conference 2015

**October 21-23** ◆ **Columbia, SC**

## WELCOME

Welcome to the 2015 Annual Conference of the South Carolina Library Association and join us in celebrating the organization's 100th year! As your 2015 President, it has been an honor to serve SCLA's members and witness a remarkable year of accomplishments. Executive Board members provided dynamic workshops including ILRT's "iTeach 2" and the Paraprofessional RT's "Paraprofessionals: Meeting the Challenge". The editors of the official journal of SCLA brought you the second issue of South Carolina Libraries. We even connected with members virtually through Library Marketing and Outreach Round Table's first online meet up and a webinar on the ALA Emerging Leaders program. NMRT held networking brunches and South Carolina was well represented at National Library Legislative Day. It was certainly a busy year that would not have been possible without dedicated library professionals like you!

Many thanks to John Kennerly, First Vice President, and the Conference Planning Committee for bringing you an engaging conference experience. There is certainly something for everyone; from sessions on library programming to author talks to karaoke. That's right, karaoke! Show your talents while supporting the Scholarship for Diversity at "Out of the Stacks and Onto the Stage." You also don't want to miss the All Conference Reception which will be held at the beautiful Columbia Museum of Art located just one block from the Marriott. Graduates and supporters of USC SLIS will be able to get back in touch with one another at the Alumni Tea. Review the conference schedule, highlight the sessions you know you'll want to attend, and be sure to introduce yourself to a new colleague.

With this conference, we commemorate SCLA's 100th year but it is also a time for us to come together to celebrate the life of Cynthia Graham Hurd. She was dedicated to serving members and visitors of the Charleston County Public Library system. Cynthia will always be in our memories as we work to serve our communities.

**Crystal L. Johnson**  
SCLA President

One hundred years ago a small group of librarians saw the importance of libraries for the state of South Carolina. Out of that conviction, SCLA was born. With this year's annual conference, we celebrate the efforts of all those who have gone before while also accentuating the efforts of today's SC librarians to make what will be the history of SCLA for those who come behind us. And so we have named this year's conference as "100 Years in the Making" to recognize the past and encourage another century of development.

The Conference Planning Committee has worked diligently to provide you with a conference experience that includes multiple opportunities for professional development and engagement with the larger SC library community—your colleagues—and those who help us do the things we do—vendors. We have provided 3 stellar keynote speakers, 80 breakout sessions, and 18 poster sessions. We have also included opportunities for you to engage with vendors through exhibits, vendor showcases, and a breakfast with vendors (for library directors). Some new features include concurrent events, such as the State Library's Performers Showcase and Career Services Counseling. The Scholarship for Diversity fundraiser, "Out of the Stacks and Onto the Stage," is back with karaoke, dancing, and a costume contest as well as the Happy Learning Hour (at the Richland Library main branch) and the USC SLIS alumni reception. And don't forget the All Conference Reception on Thursday evening at the Columbia Museum of Art. You will not want to miss this year's reception as we double up on a Centennial Celebration of SCLA. Think of it as SCLA's 100th birthday party.

I wish to extend my heartfelt thanks to the conference presenters, sponsors, exhibitors, Conference Planning Committee, SCLA President Crystal Johnson, and countless others who have volunteered efforts towards making this year's conference a reality. I count it all joy to have served as your First Vice President/Conference Chair.
